1. Description

This Star produces very heavy radiation pulses to the whole system. With radiation and many mines deployed in the area, it can be in some sectors <u>Omega-41</u> a deadly trap. Even <u>Zoners</u> were unable to build their usual orbital structure here. They used abandoned <u>IMG</u> base built inside a big asteroid which was renamed to <u>Freeport 5</u>.

2. Stats

• TYPE: N/A

• LUMINOSITY: N/A

• COLOR: N/A

TEMPERATURE: N/A
MASS: 3.11 x 10e33 kg
DIAMETER: 0,56 x 10e7 km

• SYSTEM: Omega-41
