1. Description

Freeport 9 is very nearly the only human population for hundreds of light years in every direction -- which is exactly the way the [Zoners](#) like it. Despite its location in a system filled with strange nebula and forbidding black crystal, however, Freeport 9 is a frequent stop for especially the [Corsairs](#) criminal organisation to buy food from the Freeport 's biodomes, while Cryer [Pharmaceuticals](#) has shown an intense interest in the [Alien Organisms](#) that colonize many of the asteroids in the System
