1. Description:

The Shoki, part of a Blood [Dragon](#) raiding party in the [Kyushu](#) system, was intercepted and destroyed by the [Kusari Naval Forces](#). Two of the three ships have been located and salvaged. The patrol leader's ship, the Shoki, remains at large. It is believed to be somewhere in the western Ohka Dust Field, which is difficult for the [Blood Dragons](#) to operate in, given its close proximity to the Nagumo.
