

Essasho

DIAMETER: 421.3 KM
MASS: 2.913×10^{24} KG
TERRAIN: DESSERT
TEMPERATURE: 71c-98c
ESCAPE VELOCITY: 3.38 KPS

Scanning performed on this moon revealed that Essasho was once a terrestrial world with limited sources of [water](#). Because there is now only ruins, arid steppes and deserts, it was safe to presume, that this world needed a continuous shipment of [water](#).
