

Repair Buoy

[Repair buoy](#) was deployed by [GMG](#) scouts accompanying [GMG](#) Expedition to the [Inner Core Sector](#). Make use of it to pass through this area of space, it is able to fast repair hull damages as well as damages to all ship systems for ships up to size Cruiser. Bigger ships repair have need significantly more time and is not advised to use this way except emergencies ([Repair ship](#) can repair big ships much faster).
