 - [System Map](#)

This System, used by large commercial companies, serves as an information hub, with many traders and explorers visiting this System because of it. From this comes additional money and investment, and it is therefore not surprising that the latest financial plans for the System include studies about undertaking local moons terraforming. Vespus is one of the richest Systems and is even more fortunate by being directly connected to the [X-3043](#) crossroad.

1. Bases & Dockable Planets

- [Planet Legacy](#)
 - Endvori (*moon*)
 - Raktano (*moon*)
- [Planet Vernon](#)
 - Achurne (*moon*)
- [Proxima Station](#)

2. Jump Holes
