1. Ship Info-card

Built from the ground up by Orillion's Corps of Engineers, the Anubis is a one-of-a-kind class of ship. It has been completely outfitted for optimal performance in combat, with the best possible balance of power, armor, and weapon extensibility. It is used by [The Order](#) to infiltrate, secure, and, if need be, quickly dominate in hostile situations. Though it is not an easy ship to fly, in the hands of a skilled pilot the Anubis is unbeatable.
