## 1. Description

The prison ship Sugarland, under the control of [Liberty Police](#), Inc. ([LPI](#)), was built in 600 AS to handle the overflow from [Huntsville](#). Sugarland is particularly hard time, as a smelter worked by prison labor operates around the clock to re-process scrap from the [Texas](#) and [New York](#) debris fields. Apart from the prison population, a large contingent of [Liberty Police](#), Inc. ([LPI](#)), [Bounty Hunters](#), and representatives of [ALG Waste Disposal](#) round out the personnel on board.
