1. Description

[Houston](#) is an arid world whose population consists mostly of what Manhattanites would term the economically undesirable, many of them former inmates of the orbiting prison ships. The cheap labor force has attracted a number of industries, however, including a major [Deep Space Engineering](#) manufacturing plant and several factories specializing in [Consumer Goods](#) and [Construction Machinery](#). The presence of phosphates in [Houston](#)'s alkaline deserts has also produced a booming market in [Fertilizers](#). But [Houston](#)'s biggest industry is fueled by its substantial criminal problem, with both the [Bounty Hunters Guild](#) and [Liberty Police](#), Inc. ([LPI](#)) maintaining their respective local headquarters on the planet.
