The Jump Gate linking <u>Hokkaido</u> is part of a controversial construction project intended to open the recently discovered mineral riches of the <u>Chugoku</u> system to exploitation by Kusari business interests. However, because of the natural dangers of the <u>Hokkaido</u> system and significant levels of terrorist activity, <u>Interspace Commerce</u> (IC) refused to insure the venture until the Kusari government committed to station the <u>Battleship Matsumoto</u> in the system for protection. Sapporo Station near the New Tokio Jumpgate acts as its base for supply. While the Matsumotos task is mainly fighting off the <u>Blood Dragons</u>, the <u>Kusari State police</u> forces of Sapporo purpose is keeping the <u>GC</u> at bay as well as finding their hideout.

### 1. Stats

• GRAVITY: unknown
