## 1. Description

Originally located in the [New Tokyo](#) system, Fuchu Prison was moved to the [Shikoku](#) system in 600 AS to handle the burgeoning foreign criminal element that was plaguing the area. While nearly 70% of the [prisoners](#) are from outside of Kusari space, the remaining 30% are almost exclusively members of a radical, political terrorist group called the [Blood Dragons](#). "Rehabilitation through work" is a core principal of the Fuchu Prison mandate, and inmates are routinely deployed to mine Hydrocarbon and work the [Junyo](#) fishing platforms.
