Pusin Dock

Table Of Contents

- Detailed Information

- Base Data
- Base picture(s)

1. Description

Built on a Chasin-class base framework, Pusin is operated by the Zoners, who provide information to the unlawful factions of Sirius as well as inormation about them to the lawful. House governments decided this was better than to leave the criminals in the dark, and become potential tools of the nomads & Dom'Kavash. Beside this Pusin Dock is also the main trading hub of the system.

2. Stats
