## 1. Description

Where there's junk, there are the [Junkers](#), in Bretonia as well as in most of the other house's main systems. The left over from newly built ships as well as the remnants of ships rendered not worth anymore for overhaul or repair by the master craftsmen of [Southampton Shipyard](#) are an almost natural environment for the [Junkers](#). It serves as the major supply base for almost every less legal faction in Bretonia as well as THE hub for rumors and secrets.
