## 1. Description

Constructed by [Republican Shipping](#), the Alster Shipyard specializes in the construction of freight ships and transports; however, Alster is most well known as the birthplace of the [Unioners](#) movement. After the economic collapse and the ensuing Popular Revolution, the [Unioners](#) became increasingly radicalised until they were added to the official list of terrorist factions. While the Alster Shipyards continues to operate, [Republican Shipping](#) -- in conjunction with the Rheinland Federal Police -- is believed to have purged most of the [Unioners](#) from the facility.
