## 1. Description

Planet Vienna was quickly taken under the control of the [Liberty Police](#) during the Nomad War in an effort to gain a secondary entrance into the [Freeport 7](#) system in order to provide more security as [Freeport 7](#) is slowly rebuilt after the [Nomads](#) catastrophic attack. Unfortunately, [Purian Lake](#) is a dead end system and offers no significant trades unless extreme risks are taken while crossing [Freeport 7](#), which is still patrolled by Nomad fighter wings.
